ATTN: Licensing and Review

Dear Sir:

I, **John Henriquez**, a citizen of the United States of America, do hereby declare the following to the best of my knowledge and belief;

That I am the inventor of the invention described and claimed in the above-referenced U.S. Patent Application;

That I made and conceived this invention while employed by Power Systems Mfg, LLC and that the invention is related to work I am employed to perform and was made within the scope of my

employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information, and services of Power Systems Mfg, LLC.

That the invention was not made (conceived or first actually reduced to practice) under, nor is there any relationship of the invention to, the performance of any work under any contract of the National Aeronautics and Space Administration.

That the undersigned inventor declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
